 Stream or Creek Other (describe) _____

Standard septic systems can be installed by either the homeowner (after passing a test), or a septic contractor licensed by Custer County. Engineer-designed systems must be installed by a licensed Custer County septic contractor.

The following circumstances require an engineer-designed septic system. (Other circumstances also require an engineer-designed septic system, but these are the most common):

1. system will service more than one single-family dwelling
2. the parcel is less than one acre in size

Directions to site.

(If the inspector cannot find the site, there will be an additional \$75.00 trip charge.)

I acknowledge that I am responsible for complying with the Custer County Regulations, and it is the responsibility of the land owner to apply for and obtain all necessary permits.

This information is complete and accurate to the best of my knowledge. I understand additional tests and reports may be required for purposes of evaluating this application.

I agree to maintain detailed purchase and receipt records for this project, and will make them available for audit and photocopying by the Planning and Zoning Office. I further agree to pay Custer County up to two percent (2%) Use Tax for any items purchased outside of Custer County, that less than 4.9% sales tax was paid. I understand all Use Tax must be paid before final approval will be granted on this permit.

I acknowledge that electrical and plumbing work require State permits and inspections.

I also acknowledge that the system must be inspected by the County I. S. D. S. Health Officer or representative. A \$75.00 additional trip fee will be charged if the inspector has to return for re-inspection.
