Septic Permit Application Modification or Repair

A MODIFICATION PERMIT IS VALID FOR ONE YEAR FROM THE DATE OF ISSUE. If the modification has not been completed within that time frame, a new permit must be obtained, approved and issued before further installation takes place. The cost for a Modification of an existing septic system is \$150.00.

A Repair is \$75.00 +\$20.00 State fee. The time frame on a repair will be as soon as practicable and set by the Planning and Zoning staff.

Repair by Date: _____

This permit is not valid for excavation of building sites. Excavation of building sites requires a Zoning Permit. Any excavation performed without the appropriate Zoning Permit will subject the land owner to Post-Construction fees.

All systems must be installed by a licensed Custer County septic contractor.

The following circumstances require an engineer-designed septic system. (Other circumstances also require an engineer-designed septic system, but these are the most common):

1. Bedrock or ground water is within eight feet of the ground surface.
2. The parcel is less than one acre in size.
3. Ground slope exceeds 30% through any portion of the proposed system.
4. System will service a commercial building or use.
5. The system to be installed is not standard.

Directions to site.

(If the inspector cannot find the site, there will be an additional \$100.00 trip charge.)

I acknowledge that I am responsible for complying with the Custer County Regulations, and it is the responsibility of the land owner to apply for and obtain all necessary permits.

This information is complete and accurate to the best of my knowledge to size my septic system. I understand additional tests and reports may be required for purposes of evaluating this application.

I agree to maintain detailed purchase and receipt records for this project, and will make them available for audit and photocopying by the Planning and Zoning Office. I further agree to pay Custer County up to two percent (2%) Use Tax for any items purchased outside of Custer County, that less than 4.9% sales tax was paid. I understand all Use Tax must be paid before final approval will be granted on this permit.

I acknowledge that electrical and plumbing work require State permits and inspections.

I also acknowledge that the system must be inspected by the County Health Officer or representative, before it is backfilled or covered. The system includes the building sewer (line from house to tank), septic tank, effluent line (line from tank to field), and leach field. All of these components must be installed and none of them covered at the time of inspection. A \$100.00 additional trip fee will be charged if the inspector has to return for re-inspection.

If this permit is granted, I understand that I will be responsible for the operation, maintenance and performance of this system.
