An application for **New Installation** will require the results of a soil analysis test, a permit fee of **\$250.00** and a review of floor plans, if available. **THIS PERMIT IS VALID FOR ONE YEAR FROM THE DATE OF ISSUE.** If the system has not been installed within that time frame, a new permit must be obtained, approved and issued before further installation takes place.

I acknowledge that I am responsible for complying with the Custer County Regulations, and it is the responsibility of the land owner to apply for and obtain all necessary permits.

This information is complete and accurate to the best of my knowledge to size my septic system. I understand additional tests and reports may be required for purposes of evaluating this application.

I agree to maintain detailed purchase and receipt records for this project, and will make them available for audit and photocopying by the Planning and Zoning Office. I further agree to pay Custer County up to two percent (2%) Use Tax for any items purchased outside of Custer County, that less than 4.9% sales tax was paid. I understand all Use Tax must be paid before final approval will be granted on this permit.

I acknowledge that electrical and plumbing work require State permits and inspections.

I also acknowledge that the system must be inspected by the County Health Officer or representative, before it is backfilled or covered. The system includes the building sewer (line from house to tank), septic tank, effluent line (line from tank to field), and leach field. All of these components must be installed and none of them covered at the time of inspection. A \$75.00 additional trip fee will be charged if the inspector has to return for re-inspection.

If this permit is granted, I understand that I will be responsible for the operation, maintenance and performance of this system.
